

## SHAH ABBAS AND THE PILGRIMAGE TO MASHHAD: UPDATE 1: FROM ISFAHAN TO THE KHURASAN HIGHROAD

### **ACKNOWLEDGEMENTS:**

Many, many thanks are due to the many, many Iranians who suggested locations for the stopping places. Especial thanks are due to Agha Reza, who made my trip into the restricted entry kavir area such a pleasure, and to those who helped me with the rope measuring.

I would like here to express my thanks to Professor Bacqué-Grammont for kindly supplying me with a copy of the relevant sections of the Ottoman logistics documents.

Dr Mariam Jazayeri helped me with the translation of the two British Library manuscripts of Yazdi's account of the 1601 walk.

Jenny Mawer provided invaluable help in the construction of the line-drawing maps.

Dr Patrick Mawer helped me grapple with the Google Earth calculations.

The Iran Society partially funded my second trip to Iran in November 2008.
